I.5 Study Monitoring Questionnaire

JGSS-2017

1a. Please enter the name of your institute and your country:
   Institute: JGSS Research Center, Osaka University of Commerce
   Country: JAPAN

1b. Please enter the name of the principal investigator and your contact person for questions about the study:
   Principal Investigator: Ichiro TANIOKA and Noriko IWAI
   Contact Person: Noriko IWAI

2a. What kind of institute fielded the module?
   - An institute principally doing market research
   - An institute principally doing academic research
   - An institute doing both market and academic research [x]
   - Other (please write in details)

2b. Which institute carried out the fielding?
   PI's institute itself [ ] OR Institute name: Central Research Services, Inc.

3a. Was the questionnaire fielded ...
   - only in English [ ] → Question 39
   - in English plus other language(s) [ ] → Question 3b
   - only in translation [x] → Question 3b

3b. Please enter the language(s) the module was fielded in.
   Please write in: Japanese
4. Was the questionnaire for language 1 …? (If you used more than five languages, please report on the five used by the most respondents.)

   a written translation (a questionnaire/application)      \( \mathbb{X} \) \( \rightarrow \) Question 5

   an oral translation (interviewer translated on the spot) \( \square \) \( \rightarrow \) Question 11

5. Who carried out translation 1? Please tick all that apply.

   A member or members of the research team \( \mathbb{X} \)
   A translation bureau \( \square \)
   One or more specially trained translators \( \mathbb{X} \)
   Other (please write in details) \( \square \)

6. Was translation 1 checked?

   Yes \( \mathbb{X} \) \( \rightarrow \) Question 7
   No \( \square \) \( \rightarrow \) Question 8

7. How was translation 1 checked?

   Group discussion \( \mathbb{X} \)
   Expert checked it \( \square \)
   Back translation \( \square \)
   Other (please write in details) \( \square \)

   Please write in:

8. Was the translation 1 questionnaire pre-tested?

   Yes \( \mathbb{X} \)
   No \( \square \)
9. Were there any questions, sections, words or concepts which caused problems when translating into language 1? Please tick all that apply.

- No problems
- Answer scales
- Instructions
- Whole questions
- Words or concepts
- Other (please write in details)

Please write in details of problems checked/ticked above:
The original questions are premised on face-to-face method. Some questions were modified to suite for self-completion method.

10. What did you do about any problems in translation 1?

Please enter details:

11. Was the questionnaire for language 2 …? (answer only if you have two or more translations/languages, otherwise continue with question 39)

- a written translation (a questionnaire/application)
- an oral translation (interviewer translated on the spot)

12. Who carried out translation 2? Please tick all that apply.

- A member or members of the research team
- A translation bureau
- One or more specially trained translators
- Other (please write in details)

13. Was translation 2 checked?

- Yes
- No
14. How was translation 2 checked?

- Group discussion
- Expert checked it
- Back translation
- Other (please write in details)

Please write in:

---

15. Was the translation 2 questionnaire pre-tested?

- Yes
- No

16. Were there any questions, sections, words or concepts which caused problems when translating into language 2? Please tick all that apply.

- No problems
- Answer scales
- Instructions
- Whole questions
- Words or concepts
- Other (please write in details)

Please write in details of problems checked/ticked above:

---

17. What did you do about any problems in translation 2?

Please enter details:
18. Was the questionnaire for language 3 …?(answer only if you have three or more translations/languages, otherwise continue with question 39)

- a written translation (a questionnaire/application) → Question 19
- an oral translation (interviewer translated on the spot) → Question 25

19. Who carried out translation 3? Please tick all that apply.

- A member or members of the research team
- A translation bureau
- One or more specially trained translators
- Other (please write in details)

20. Was translation 3 checked?

- Yes → Question 21
- No → Question 22

21. How was translation 3 checked?

- Group discussion
- Expert checked it
- Back translation
- Other (please write in details)

Please write in:

22. Was the translation 3 questionnaire pre-tested?

- Yes
- No
23. Were there any questions, sections, words or concepts which caused problems when translating into language 3? Please tick all that apply.

- Other (please write in details)

Please write in:

29. Was the translation 4 questionnaire pre-tested?

- Yes
- No

30. Were there any questions, sections, words or concepts which caused problems when translating into language 4? Please tick all that apply.

- No problems
- Answer scales
- Instructions
- Whole questions
- Words or concepts
- Other (please write in details)

Please write in details of problems checked/ticked above:

31. What did you do about any problems in translation 4?

Please enter details:
32. Was the questionnaire for language 5 …?(answer only if you have five or more translations/languages, otherwise continue with question 39)

- a written translation (a questionnaire/application) → Question 33
- an oral translation (interviewer translated on the spot) → Question 39

33. Who carried out translation 5? Please tick all that apply.

- A member or members of the research team
- A translation bureau
- One or more specially trained translators
- Other (please write in details)

34. Was translation 5 checked?

- Yes → Question 35
- No → Question 36

35. How was translation 5 checked?

- Group discussion
- Expert checked it
- Back translation
- Other (please write in details)

36. Was the translation 5 questionnaire pre-tested?

- Yes
- No
37. Were there any questions, sections, words or concepts which caused problems when translating into language 5? Please tick all that apply.

- No problems
- Answer scales
- Instructions
- Whole questions
- Words or concepts
- Other (please write in details)

Please write in details of problems checked/ticked above:

38. What did you do about any problems in translation 5?

Please enter details:

39. What data collection methods were used for the module (substantive and background questions)?

- Face-to-face
- Self-completion (with some interviewer involvement in delivering or collecting)
- 'Mixed mode': part self-completion, part face-to-face (please write in details)
- Other (please write in details)

If 'mixed mode' or other, please write in:

Face-to-face method was applied to the questions which asked about complicated issues such as family structure, occupation and so on. Self-completion method was applied to those questions on attitudes and behaviors.
40. Were postal or telephone components used at any point (e.g., advance contacts)?
   Yes - postal  [ ] → Question 41
   Yes - telephone  [ ] → Question 41
   No  [X] → Question 42

41. Please give details of the postal and/or telephone components.

   Please enter details:

42. Were incentives offered?
   Yes  [X]
   No  [ ]

43. How was the study fielded in your country?
   As an individual survey (that is, the EASS was the whole survey)  [ ] → Question 46
   As part of a larger survey  [X] → Question 44

44. Please provide information about the other stud(ies) the EASS was fielded with (e.g., topic, survey name).

   Please enter:

45. What was the approximate position of the EASS in the larger questionnaire?
   Start of questionnaire  [ ]
   Middle of questionnaire  [X]
   End of questionnaire  [ ]
46. Were the substantive questions in the EASS study all asked in the prescribed order?

Yes ☐ → Question 48

Yes, apart from omissions ☐ → Question 47

No ☒ → Question 47

47. Why was the question order changed?

Please enter:
JGSS uses both interview and placement method. Therefore, the order and forms of questions differ from those of the original questionnaire. Values of some standard background variables are constructed from responses to two or more questions.

48. Were all the core questions included in your questionnaire (by core we mean all required substantive and background questions)?

Yes – all substantive questions and background questions included ☐ → Question 50

No – substantive question(s) missing ☒ → Question 49

No – required background question(s) missing ☐ → Question 49

49. Please provide details of the questions missing and indicate why they are missing.

Reason(s) why missing:
Missing variables include v223, v241, v242, typorg1 and styporg1. These questions were not asked due to the lack of adequate space in the JGSS questionnaire.

Here we ask questions on sampling.

50. First, was your sample designed to be representative of ...

Only adult citizens of your country? ☒

Adults of any nationality residing in your country? ☐
51. Second, was your sample designed to be representative of...

   Only adults living in private accommodation? X → Question 52

   Adults living in private and in institutional accommodation
   (e.g., residential homes for the elderly, asylum accommodation)?

   If private and institutional, please enter details in box below.

   Please enter in:

52. Third, what was the lower age cut-off for your sample?

   WRITE IN: 2 0

53. Was there any upper age cut-off for your sample?

   Yes - please write in cut-off
   No cut-off

54. Were any groups excluded or under-represented in your sample design, apart from the age cut-offs or citizenship requirements just asked about?

   No X

   Yes (please write in details)

   If yes, write in details:

   Please write in:

55. Did you use any variables for stratification?

   Yes X → Question 56

   No → Question 57

56. Please describe the stratification variables used?

   Please write in:

   Region:
   - Hokkaido or Tohoku, Kanto, Chubu, Kinki, Chugoku or Shikoku, Kyusyu

   Population size of cities/ districts:
   - Large cities, medium-sized cities, small cities, towns/ villages
57. How many of stages does your sampling design have?

- One stage [ ]
- Two stages [X]
- Three stages [ ]
- Four stages [ ]

58. Does your sampling frame consist of…?

- Addresses [ ]
- Households [ ]
- Named individuals (the target persons) [X]
- Named individuals (not the target persons) [ ]
- Areas [ ]
- Something else (please write in details) [ ]

59. Please describe your sampling frame (e.g., population register, electoral roll, telephone directory and its coverage and updating).

Please write in:
Sampling frame is Basic Resident Register of every municipality. This sampling frame includes all Japanese residents and is updated at any time within several months.

60. Please describe your sampling method and your sampled units for the first stage?

Please write in:
The Census tract is used as a sampling unit for the first stage. In accordance with the probability proportional to the population of each Census tract, 101 tracts were randomly sampled.

61. Please describe your sampling method and your sampled units for the second stage? (only if you have two or more stages, otherwise continue with question 64)

Please write in:
Sampling unit for the second stage is an individual. About 15 people were randomly sampled from each tract which had been sampled at the first stage.
62. Please describe your sampling method and your sampled units for the third stage?  
(only if you have three or more stages, otherwise continue with question 64)  

Please write in:  

63. Please describe your sampling method and your sampled units for the fourth stage?  
(only if you have four stages, otherwise continue with question 64)  

Please write in:  

64. What selection method was used to identify a respondent?  
Please tick all that apply. (do not answer if your sampling frame consists of named individuals - which are the target persons. Then continue with question 66)  

Kish grid
Last (or next) birthday
Quota
Other (please write in details)  

65. Please describe your quota procedures. (only if you used quota, otherwise continue with question 66)  

Please write in:  

66. Was substitution or replacement permitted at any stage of your selection process or during fieldwork?  

Yes  
No  

→ Question 67  

→ Question 68
67. Please provide details of the substitution or replacement procedures used.

**Please write in:**
In the case that a sampled municipality refused the reference of the resister, the municipality was replaced to another municipality which is located at the same region and has similar size of population. Such replacement occurred quite rarely.

68. All in all, what are the known limitations (biases) of your net sample?
For example: is there differential coverage of particular groups, either because of sample design or response differences?

**Please write in:**

69. Please fill in the following details about your issued sample.
Some categories may well not apply, but please complete to the highest level of detail possible.

Total number of starting or issued names/addresses (gross sample size)

- addresses which could not be traced at all
  - selected respondents who could not be traced 6 4

- addresses established as empty, demolished or containing no private dwellings

- selected respondent too sick/incapacitated to participate 6 9

- selected respondent away during survey period 1 8

- selected respondent had inadequate understanding of language of survey
  - no contact at selected address
  - no contact with selected person 1 6 2

- personal refusal at selected address 4 3 1

- proxy refusal (on behalf of selected respondent)

- other refusal at selected address

- other type of unproductive reaction (please write in full details in the box below) 1 2

- full productive interview (net sample size) 7 4 4

- partial productive interview 2 0

More information or Other type of unproductive reaction

**Please write in:**
A sampled individual was not accessible due to self-locking entrance, death, etc.
70. Here we ask for information about interviewer procedures.
   a. Were interviewers paid according to realized cases?
      Yes  x
      No  

   b. Which, if any, of these rules governed how an interviewer approached an address/household?
      Please tick those that apply
      Calls/visits must be made at different times of day  x
      Calls/visits must be made on different days of week  x
      Neither of the above  

   c. Were interviewers required to make a certain number of calls/visits before they stopped approaching
      an address or household?
      Minimum number of calls/visits required - please write in number  4
      No minimum call requirement  

   d. Were any interviews supervised (that is, supervisor accompanies interviewer)?
      Yes - please write in approximate proportion  0 0 0  %
      No  x

   e. Were any interviews back-checked (e.g. supervisor checks later whether interview conducted)?
      Yes - please write in approximate proportion  1 0 0  %
      No  

71. Please write in the approximate start and end dates of fieldwork.
    Start date       2 0 0 1 1 7
    End date        2 0 0 3 1 7

72. Were any measures of coding reliability employed?
    Yes  x
    No  

73. Was keying of the data verified?
    Yes - please write in approximate level of verification  1 0 0  %
    No  
74. Were any reliability checks made on derived variables (that is variables constructed on the basis of other variables collected)?

Yes [X]  No  No derived variables

75. Were data checked/edited to ensure that filter instructions were followed correctly?

Yes [X]  No  

76. Were data checked/edited for logic or consistency?

Yes [X]  No  

77. Were data checked/edited to ensure they fell within permitted ranges?

Yes [X]  No  

If you answered YES for any question from Q72 to Q77, continue with Question 78.
If you answered NO for all questions Q72 to Q77, continue with Question 79.

78. Were errors corrected?
   Please tick all that apply.

   Yes - individually  [X]  
   Yes - automatically  [X]  
   No - not corrected  

79. Were the data weighted or post-stratified?

   Yes [X] → Question 80  
   No  → Question 81  

80. Please briefly describe the weighting or post-stratification strategy used.

   Please write in:
   Although we did not use weighted sampling, our dataset includes a variable ‘WEIGHT’. This variable adjusts the sampling error and the nonresponse bias. The distribution of respondents’ sex and 10-year age group in the weighted dataset corresponds to that of the population on October 1, 2016 which was estimated by the government based on the 2015 Census.
81. Is a national methods report available for your study?

Yes [ ]
No [x]

82. If there is anything you would like to comment on, please do so here.

*Please write in:*

THANK YOU VERY MUCH

2a. What kind of institute fielded the module?

- An institute principally doing market research
- An institute principally doing academic research
- An institute doing both market and academic research [X]
- Other (please write in details) [☐]

2b. Which institute carried out the fielding?

| PI's institute itself | [☐] | OR | Institute name: Central Research Services, Inc. |

3a. Was the questionnaire fielded ...

- only in English [☐] → Question 39
- in English plus other language(s) [☐] → Question 3b
- only in translation [X] → Question 3b

3b. Please enter the language(s) the module was fielded in.

*Please write in:* Japanese

---

47
4. Was the questionnaire for language 1 …? (If you used more than five languages, please report on the five used by the most respondents.)

- a written translation (a questionnaire/application) → Question 5
- an oral translation (interviewer translated on the spot) → Question 11

5. Who carried out translation 1? Please tick all that apply.

- A member or members of the research team
- A translation bureau
- One or more specially trained translators
- Other (please write in details)

6. Was translation 1 checked?

- Yes → Question 7
- No → Question 8

7. How was translation 1 checked?

- Group discussion
- Expert checked it
- Back translation
- Other (please write in details)

8. Was the translation 1 questionnaire pre-tested?

- Yes
- No
9. Were there any questions, sections, words or concepts which caused problems when translating into language 1? Please tick all that apply.

- No problems □ → Question 11
- Answer scales □
- Instructions □
- Whole questions □
- Words or concepts □
- Other (please write in details) □

**Please write in details of problems checked/ticked above:**
The original questions are premised on face-to-face method. Some questions were modified to suite for self-completion method.

10. What did you do about any problems in translation 1?

**Please enter details:**

11. Was the questionnaire for language 2 …? (answer only if you have two or more translations/languages, otherwise continue with question 39)

- a written translation (a questionnaire/application) □ → Question 12
- an oral translation (interviewer translated on the spot) □ → Question 18

12. Who carried out translation 2? Please tick all that apply.

- A member or members of the research team □
- A translation bureau □
- One or more specially trained translators □
- Other (please write in details) □

13. Was translation 2 checked?

- Yes □ → Question 14
- No □ → Question 15
14. How was translation 2 checked?

- Group discussion
- Expert checked it
- Back translation
- Other (please write in details)

Please write in:

- No problems
- Answer scales
- Instructions
- Whole questions
- Words or concepts
- Other (please write in details)

Please write in details of problems checked/ticked above:

31. What did you do about any problems in translation 4?

Please enter details:
32. Was the questionnaire for language 5 …?(answer only if you have five or more translations/languages, otherwise continue with question 39)

   a written translation (a questionnaire/application)   → Question 33
   an oral translation (interviewer translated on the spot)   → Question 39

33. Who carried out translation 5? Please tick all that apply.

   A member or members of the research team
   A translation bureau
   One or more specially trained translators
   Other (please write in details)

34. Was translation 5 checked?

   Yes   → Question 35
   No   → Question 36

35. How was translation 5 checked?

   Group discussion
   Expert checked it
   Back translation
   Other (please write in details)

   Please write in:

36. Was the translation 5 questionnaire pre-tested?

   Yes
   No
37. Were there any questions, sections, words or concepts which caused problems when translating into language 5? Please tick all that apply.

Please write in details of problems checked/ticked above:

38. What did you do about any problems in translation 5?

Please enter details:

39. What data collection methods were used for the module (substantive and background questions)?

If 'mixed mode' or other, please write in:
Face-to-face
Self-completion (with some interviewer involvement in delivering or collecting)
'Mixed mode': part self-completion, part face-to-face (please write in details)
Other (please write in details)
40. Were postal or telephone components used at any point (e.g., advance contacts)?

- Yes - postal
  - Yes - postal → Question 41
- Yes - telephone
  - Yes - telephone → Question 41
- No
  - No → Question 42

41. Please give details of the postal and/or telephone components.

Please enter details:

42. Were incentives offered?

- Yes
  - Yes
- No
  - No

43. How was the study fielded in your country?

- As an individual survey (that is, the EASS was the whole survey)
  - As an individual survey → Question 46
- As part of a larger survey
  - As part of a larger survey

44. Please provide information about the other stud(ies) the EASS was fielded with (e.g., topic, survey name).

Please enter:

45. What was the approximate position of the EASS in the larger questionnaire?

- Start of questionnaire
  - Start of questionnaire
- Middle of questionnaire
  - Middle of questionnaire
- End of questionnaire
  - End of questionnaire
46. Were the substantive questions in the EASS study all asked in the prescribed order?

Yes ☐ → Question 48
Yes, apart from omissions ☐ → Question 47
No ☒ → Question 47

47. Why was the question order changed?

*Please enter:*

JGSS uses both interview and placement method. Therefore, the order and forms of questions differ from those of the original questionnaire. Values of some standard background variables are constructed from responses to two or more questions.

48. Were all the core questions included in your questionnaire (by core we mean all required substantive and background questions)?

Yes – all substantive questions and background questions included ☐ → Question 50
No – substantive question(s) missing ☒ → Question 49
No – required background question(s) missing ☐ → Question 49

49. Please provide details of the questions missing and indicate why they are missing.

*Reason(s) why missing:*

Missing variables include v223, v241, v242, typorg1 and styporg1. These questions were not asked due to the lack of adequate space in the JGSS questionnaire.

Here we ask questions on sampling.

50. First, was your sample designed to be representative of...

Only adult citizens of your country? ☒
Adults of any nationality residing in your country? ☐
51. Second, was your sample designed to be representative of...

- Only adults living in private accommodation? [x] → Question 52
- Adults living in private and in institutional accommodation (e.g., residential homes for the elderly, asylum accommodation)?

If private and institutional, please enter details in box below.

**Please enter in:**

52. Third, what was the **lower** age cut-off for your sample?

**WRITE IN:**

53. Was there any **upper** age cut-off for your sample?

- Yes - please write in cut-off [8 9]
- No cut-off

54. Were any groups excluded or under-represented in your sample design, apart from the age cut-offs or citizenship requirements just asked about?

- No [x]
- Yes (please write in details)

**If yes, write in details:**

55. Did you use any variables for stratification?

- Yes [x] → Question 56
- No [x] → Question 57

56. Please describe the stratification variables used?

**Please write in:**

- Region:
  - Hokkaido or Tohoku, Kanto, Chubu, Kinki, Chugoku or Shikoku, Kyusyu
- Population size of cities/districts:
  - Large cities, medium-sized cities, small cities, towns/villages
57. How many of stages does your sampling design have?

- One stage [ ]
- Two stages [x]
- Three stages [ ]
- Four stages [ ]

58. Does your sampling frame consist of…?

- Addresses [ ]
- Households [ ]
- Named individuals (the target persons) [x]
- Named individuals (not the target persons) [ ]
- Areas [ ]
- Something else (please write in details) [ ]

59. Please describe your sampling frame (e.g., population register, electoral roll, telephone directory and its coverage and updating).

**Please write in:**
Sampling frame is Basic Resident Register of every municipality. This sampling frame includes all Japanese residents and is updated at any time within several months.

60. Please describe your sampling method and your sampled units for the first stage?

**Please write in:**
The Census tract is used as a sampling unit for the first stage. In accordance with the probability proportional to the population of each Census tract, 267 tracts were randomly sampled.

61. Please describe your sampling method and your sampled units for the second stage?
(only if you have two or more stages, otherwise continue with question 64)

**Please write in:**
Sampling unit for the second stage is an individual. About 15 people were randomly sampled from each tract which had been sampled at the first stage.
62. Please describe your sampling method and your sampled units for the third stage?  
(only if you have three or more stages, otherwise continue with question 64)

Please write in:

63. Please describe your sampling method and your sampled units for the fourth stage?  
(only if you have four stages, otherwise continue with question 64)

Please write in:

64. What selection method was used to identify a respondent?  
Please tick all that apply. (do not answer if your sampling frame consists of named individuals  
- which are the target persons. Then continue with question 66)

- Kish grid
- Last (or next) birthday
- Quota
- Other (please write in details)

65. Please describe your quota procedures. (only if you used quota, otherwise continue with question 66)

Please write in:

66. Was substitution or replacement permitted at any stage of your selection process or during fieldwork?  

- Yes ✓ → Question 67  
- No → Question 68
67. Please provide details of the substitution or replacement procedures used.

**Please write in:**
In the case that a sampled municipality refused the reference of the resister, the municipality was replaced to another municipality which is located at the same region and has similar size of population. Such replacement occurred quite rarely.

68. All in all, what are the known limitations (biases) of your net sample?
For example: is there differential coverage of particular groups, either because of sample design or response differences?

**Please write in:**

69. Please fill in the following details about your issued sample.
Some categories may well not apply, but please complete to the highest level of detail possible.

| Total number of starting or issued names/addresses (gross sample size) | 4 0 0 0 |
| - addresses which could not be traced at all selected respondents who could not be traced | 2 0 9 |
| - addresses established as empty, demolished or containing no private dwellings | |
| - selected respondent too sick/incapacitated to participate | 1 9 1 |
| - selected respondent away during survey period | 4 3 |
| - selected respondent had inadequate understanding of language of survey | |
| - no contact at selected address | |
| - no contact with selected person | 5 4 9 |
| - personal refusal at selected address | 1 0 6 2 |
| - proxy refusal (on behalf of selected respondent) | |
| - other refusal at selected address | |
| - other type of unproductive reaction (please write in full details in the box below) | 3 0 |
| - full productive interview (net sample size) | 1 9 1 6 |
| - partial productive interview | 3 7 |

More information or Other type of unproductive reaction

**Please write in:**
A sampled individual was not accessible due to self-locking entrance, death, etc.
70. Here we ask for information about interviewer procedures.
   a. Were interviewers paid according to realized cases?
      Yes  ☒
      No   

   b. Which, if any, of these rules governed how an interviewer approached an address/household?
      Please tick those that apply
      Calls/visits must be made at different times of day  ☒
      Calls/visits must be made on different days of week  ☒
      Neither of the above   

   c. Were interviewers required to make a certain number of calls/visits before they stopped approaching an address or household?
      Minimum number of calls/visits required - please write in number  4
      No minimum call requirement  

   d. Were any interviews supervised (that is, supervisor accompanies interviewer)?
      Yes - please write in approximate proportion  1 0 0
      No   

   e. Were any interviews back-checked (e.g. supervisor checks later whether interview conducted)?
      Yes - please write in approximate proportion  1 0 0
      No   

71. Please write in the approximate start and end dates of fieldwork.
    Start date  2 3 0 2 1 8
    End date   2 2 0 4 1 8

72. Were any measures of coding reliability employed?
    Yes  ☒
    No   

73. Was keying of the data verified?
    Yes - please write in approximate level of verification  1 0 0
    No   
74. Were any reliability checks made on derived variables (that is variables constructed on the basis of other variables collected)?

- Yes [x]
- No
- No derived variables

75. Were data checked/edited to ensure that filter instructions were followed correctly?

- Yes [x]
- No

76. Were data checked/edited for logic or consistency?

- Yes [x]
- No

77. Were data checked/edited to ensure they fell within permitted ranges?

- Yes [x]
- No

If you answered YES for any question from Q72 to Q77, continue with Question 78.
If you answered NO for all questions Q72 to Q77, continue with Question 79.

78. Were errors corrected?
   Please tick all that apply.

- Yes - individually [x]
- Yes - automatically [x]
- No - not corrected

79. Were the data weighted or post-stratified?

- Yes [x] → Question 80
- No → Question 81

80. Please briefly describe the weighting or post-stratification strategy used.

Please write in:
Although we did not use weighted sampling, our dataset includes a variable ‘WEIGHT’. This variable adjusts the sampling error and the nonresponse bias. The distribution of respondents’ sex and 10-year age group in the weighted dataset corresponds to that of the population on October 1, 2017 which was estimated by the government based on the 2015 Census.
81. Is a national methods report available for your study?

Yes  
No  x

82. If there is anything you would like to comment on, please do so here.

Please write in:

THANK YOU VERY MUCH
I.5 Study Monitoring Questionnaire

**KGSS**

1a. Please enter the name of your institute and your country:

   **Institute:** Survey Research Center, Sungkyunkwan Univ.
   **Country:** South Korea

1b. Please enter the name of the principal investigator and your contact person for questions about the study:

   **Principal Investigator:** Jibum Kim
   **Contact Person:** Jibum Kim

2a. What kind of institute fielded the module?

   - An institute principally doing market research
   - An institute principally doing academic research
   - An institute doing both market and academic research
   - Other (please write in details)

2b. Which institute carried out the fielding?

   - PI's institute itself
   - OR
   - Institute name:

3a. Was the questionnaire fielded ...

   - only in English
   - in English plus other language(s)
   - only in translation

3b. Please enter the language(s) the module was fielded in.

   **Please write in:**
   - Korean
4. Was the questionnaire for language 1 …? (If you used more than five languages, please report on the five used by the most respondents.)

   a written translation (a questionnaire/application) ✔ →Question 5
   an oral translation (interviewer translated on the spot) ☐ →Question 11

5. Who carried out translation 1? Please tick all that apply.

   A member or members of the research team ✔
   A translation bureau ☐
   One or more specially trained translators ☐
   Other (please write in details) ☐

6. Was translation 1 checked?

   Yes ✔ →Question 7
   No ☐ →Question 8

7. How was translation 1 checked?

   Group discussion ☐
   Expert checked it ✔
   Back translation ☐
   Other (please write in details) ☐

   Please write in:

   [Blank space for writing in details]

8. Was the translation 1 questionnaire pre-tested?

   Yes ✔
   No ☐
9. Were there any questions, sections, words or concepts which caused problems when translating into language 1? Please tick all that apply.

- No problems [✓] → Question 11
- Answer scales
- Instructions
- Whole questions
- Words or concepts
- Other (please write in details)

Please write in details of problems checked/ticked above:

10. What did you do about any problems in translation 1?

Please enter details:

11. Was the questionnaire for language 2 …? (answer only if you have two or more translations/languages, otherwise continue with question 39)

- a written translation (a questionnaire/application) → Question 12
- an oral translation (interviewer translated on the spot) → Question 18

12. Who carried out translation 2? Please tick all that apply.

- A member or members of the research team
- A translation bureau
- One or more specially trained translators
- Other (please write in details)
13. Was translation 2 checked?

Yes □ → Question 14
No □ → Question 15

14. How was translation 2 checked?

Group discussion □
Expert checked it □
Back translation □
Other (please write in details) □

Please write in:

15. Was the translation 2 questionnaire pre-tested?

Yes □
No □

16. Were there any questions, sections, words or concepts which caused problems when translating into language 2? Please tick all that apply.

No problems □ → Question 18
Answer scales □
Instructions □
Whole questions □
Words or concepts □
Other (please write in details) □

Please write in details of problems checked/ticked above:

17. What did you do about any problems in translation 2?

Please enter details:

18. Was the questionnaire for language 3 …?(answer only if you have three or more translations/languages, otherwise continue with question 39)

- a written translation (a questionnaire/application) →Question 19
- an oral translation (interviewer translated on the spot) →Question 25

19. Who carried out translation 3? Please tick all that apply.

- A member or members of the research team
- A translation bureau
- One or more specially trained translators
- Other (please write in details)

20. Was translation 3 checked?

- Yes →Question 21
- No →Question 22

21. How was translation 3 checked?

- Group discussion
- Expert checked it
- Back translation
- Other (please write in details)

Please write in:
22. Was the translation 3 questionnaire pre-tested?

Yes ☐
No ☐

23. Were there any questions, sections, words or concepts which caused problems when translating into language 3? Please tick all that apply.

No problems ☐ →Question 25
Answer scales ☐
Instructions ☐
Whole questions ☐
Words or concepts ☐
Other (please write in details) ☐

Please write in details of problems checked/ticked above:

24. What did you do about any problems in translation 3?

Please enter details:

25. Was the questionnaire for language 4 …?(answer only if you have four or more translations/languages, otherwise continue with question 39)

a written translation (a questionnaire/application) ☐ →Question 26
an oral translation (interviewer translated on the spot) ☐ →Question 32
26. Who carried out translation 4? Please tick all that apply.

- A member or members of the research team [ ]
- A translation bureau [ ]
- One or more specially trained translators [ ]
- Other (please write in details) [ ]

27. Was translation 4 checked?

- Yes [ ] → Question 28
- No [ ] → Question 29

28. How was translation 4 checked?

- Group discussion [ ]
- Expert checked it [ ]
- Back translation [ ]
- Other (please write in details) [ ]

*Please write in:*

29. Was the translation 4 questionnaire pre-tested?

- Yes [ ]
- No [ ]
30. Were there any questions, sections, words or concepts which caused problems when translating into language 4? Please tick all that apply.

- No problems
- Answer scales
- Instructions
- Whole questions
- Words or concepts
- Other (please write in details)

*Please write in details of problems checked/ticked above:*

31. What did you do about any problems in translation 4?

*Please enter details:*

32. Was the questionnaire for language 5 ...? (answer only if you have five or more translations/languages, otherwise continue with question 39)

- a written translation (a questionnaire/application)
- an oral translation (interviewer translated on the spot)

*Question 33*

*Question 39*

33. Who carried out translation 5? Please tick all that apply.

- A member or members of the research team
- A translation bureau
- One or more specially trained translators
- Other (please write in details)
34. Was translation 5 checked?

Yes  →Question 35
No   →Question 36

35. How was translation 5 checked?

Group discussion  
Expert checked it  
Back translation  
Other (please write in details)

Please write in:

36. Was the translation 5 questionnaire pre-tested?

Yes  
No

37. Were there any questions, sections, words or concepts which caused problems when translating into language 5? Please tick all that apply.

No problems  →Question 39
Answer scales  
Instructions  
Whole questions  
Words or concepts  
Other (please write in details)

Please write in details of problems checked/ticked above:

38. What did you do about any problems in translation 5?

Please enter details:

39. What data collection methods were used for the module (substantive and background questions)?

- Face-to-face [✓]
- Self-completion (with some interviewer involvement in delivering or collecting)
- ‘Mixed mode’: part self-completion, part face-to-face (please write in details)
- Other (please write in details)

If ‘mixed mode’ or other, please write in:

40. Were postal or telephone components used at any point (e.g., advance contacts)?

- Yes - postal →Question 41
- Yes - telephone [✓] →Question 41
- No →Question 42

41. Please give details of the postal and/or telephone components.

Please enter details:
Interviewers often made telephone calls to the respondents to explain why and how they want to conduct the interview as well as to make interview schedules.
42. Were incentives offered?

Yes ☑

No □

43. How was the study fielded in your country?

As an individual survey (that is, the EASS was the whole survey) □ →Question 46

As part of a larger survey ☑ →Question 44

44. Please provide information about the other stud(ies) the EASS was fielded with (e.g., topic, survey name).

Please enter:
The KGSS comprises four parts: The first part includes replicating core questions. The second part is the International Social Survey Program (ISSP) module, which is a cross-national survey of 45 countries (2016 ISSP module: Role of Government). The third part is the East Asian Social Survey (EASS) module. The last part contains modules proposed by researchers.

45. What was the approximate position of the EASS in the larger questionnaire?

Start of questionnaire □

Middle of questionnaire ☑

End of questionnaire □

46. Were the substantive questions in the EASS study all asked in the prescribed order?

Yes ☑ →Question 48

Yes, apart from omissions □ →Question 47

No □ →Question 47

47. Why was the question order changed?

Please enter:
48. Were all the core questions included in your questionnaire (by core we mean all required substantive and background questions)?

- Yes – all substantive questions and background questions included, √ → Question 50
- No – substantive question(s) missing, □ → Question 49
- No – required background question(s) missing, □ → Question 49

49. Please provide details of the questions missing and indicate why they are missing.

Reason(s) why missing:

Here we ask questions on sampling.

50. First, was your sample designed to be representative of ...

- Only adult citizens of your country? □
- Adults of any nationality residing in your country, √

51. Second, was your sample designed to be representative of ...

- Only adults living in private accommodation, √ → Question 52
- Adults living in private and in institutional accommodation (e.g., residential homes for the elderly, asylum accommodation)? □

If private and institutional, please enter details in box below.

Please enter in:
Cf. Approximately 98.8% of the adult population in South Korea live in private accommodations (Population and Housing Survey in Korea, 2011). Excluded from the survey is those residing in institutional arrangements, such as dormitories, military quarters, work camps, nursing homes, and so on.

52. Third, what was the lower age cut-off for your sample?

WRITE IN: 18
53. Was there any upper age cut-off for your sample?

Yes - please write in cut-off

No cut-off ✓

54. Were any groups excluded or under-represented in your sample design, apart from the age cut-offs or citizenship requirements just asked about?

No ✓

Yes (please write in details)

55. Did you use any variables for stratification?

Yes ✓ → Question 55

No → Question 56

56. Please describe the stratification variables used?

We explicitly stratified the frame to improve the efficiency of estimates considering potential geographic and urban/rural homogeneity. Required numbers of PSUs were independently selected from each KwangYok Si/Do. The 100 PSUs were proportionally allocated to each KwangYok Si/Do based on the number of households.

57. How many of stages does your sampling design have?

One stage
Two stages
Three stages
Four stages ✓
58. Does your sampling frame consist of…?

- Addresses  ✔
- Households  
- Named individuals (the target persons)  
- Named individuals (not the target persons)  
- Areas  
- Something else (please write in details)  

59. Please describe your sampling frame (e.g., population register, electoral roll, telephone directory and its coverage and updating).

Please write in:
Under the supervision of the SRC, the supervisor of interviewers in each university created the addresses of housing units.

60. Please describe your sampling method and your sampled units for the first stage?

Please write in:
The primary sampling unit (PSU) for the 2016 KGSS is a Dong, Eub, or Myon. We selected 100 PSUs for the 2016 KGSS with probability proportional to size.

61. Please describe your sampling method and your sampled units for the second stage? (only if you have two or more stages, otherwise continue with question 64)

Please write in:
The secondary sampling unit (SSU) is defined as Tong/Ban (for Dong) or Li (for Myun). Each SSU is systematically selected from each selected PSU with probability proportional to size.
62. Please describe your sampling method and your sampled units for the third stage? (only if you have three or more stages, otherwise continue with question 64)

**Please write in:**
After completing the sampling frame for each selected Tong/Ban, a fixed number of Housing units is systematically selected.

63. Please describe your sampling method and your sampled units for the fourth stage? (only if you have four stages, otherwise continue with question 64)

**Please write in:**
After compiling a list of adults 18 years of age or older for each selected household, an adult is selected using the last birthday method at the time of interview. In 2016, the total number of completed interviews was 1,051.

64. What selection method was used to identify a respondent? Please tick all that apply. (do not answer if your sampling frame consists of named individuals – which are the target persons. Then continue with question 66)

- Kish grid [ ]
- Last (or next) birthday [✓]
- Quota [ ]
- Other (please write in details) [ ]

65. Please describe your quota procedures. (only if you used quota, otherwise continue with question 66)

**Please write in:**
66. Was substitution or replacement permitted at any stage of your selection process or during fieldwork?

Yes ☐ → Question 67

No ☑ → Question 68

67. Please provide details of the substitution or replacement procedures used.

Please write in:

68. All in all, what are the known limitations (biases) of your net sample? For example: is there differential coverage of particular groups, either because of sample design or response differences?

Please write in:

69. Please fill in the following details about your issued sample. Some categories may well not apply, but please complete to the highest level of detail possible.

Total number of starting or issued names/addresses (gross sample size)

- addresses which could not be traced at all selected respondents who could not be traced

- addresses established as empty, demolished or containing no private dwellings

- selected respondent too sick/incapacitated to participate

- selected respondent away during survey period

- selected respondent had inadequate understanding of language of survey

- no contact at selected address

- no contact with selected person

- personal refusal at selected address

- proxy refusal (on behalf of selected respondent)

- other refusal at selected address
- other type of unproductive reaction (please write in full details in the box below) 0 0 0 9
- full productive interview (net sample size) 1 0 5 1
- partial productive interview 0 0 0 6

More information or Other type of unproductive reaction

Please write in:

70. Here we ask for information about interviewer procedures.
a. Were interviewers paid according to realized cases?
   Yes □
   No □

b. Which, if any, of these rules governed how an interviewer approached an address/household?
   PLEASE TICK THOSE THAT APPLY
   Calls/visits must be made at different times of day □
   Calls/visits must be made on different days of week □
   Neither of the above □

c. Were interviewers required to make a certain number of calls/visits before they stopped approaching an address or household?
   Minimum number of calls/visits required - please write in number □
   No minimum call requirement □

d. Were any interviews supervised (that is, supervisor accompanies interviewer)?
   Yes - please write in approximate proportion □□% □
   No □
e. Were any interviews back-checked (e.g. supervisor checks later whether interview conducted)?

Yes - please write in approximate proportion 1 0 0

No

71. Please write in the approximate start and end dates of fieldwork.

```
Start date 0 7 0 6 1 6
End date 0 7 1 0 1 6
```

72. Were any measures of coding reliability employed?

Yes ✓
No

73. Was keying of the data verified?

Yes - please write in approximate level of verification 1 0 0 %

No

74. Were any reliability checks made on derived variables (that is variables constructed on the basis of other variables collected)?

Yes ✓
No
No derived variables

75. Were data checked/edited to ensure that filter instructions were followed correctly?

Yes ✓
No

76. Were data checked/edited for logic or consistency?

Yes ✓
No
77. Were data checked/edited to ensure they fell within permitted ranges?

Yes √
No  

If you answered YES for any question from Q72 to Q77, continue with Question 78.
If you answered NO for all questions Q72 to Q77, continue with Question 79.

78. Were errors corrected?
   Please tick all that apply.

   Yes - individually √
   Yes - automatically √
   No - not corrected  

79. Were the data weighted or post-stratified?

Yes √ → Question 80
No  → Question 81

80. Please briefly describe the weighting or post-stratification strategy used.

   Please write in:
   Post-stratification weight was constructed using the following 4 variables with specific categories: Gender (Male, Female), Age (18-29, 30-39, 40-49, 50-59, 60 and over), Region (Seoul, Kyunggi, Kangwon/Jeju, Chungchong, Kyungsang, Cholla), and Urbanicity (Urban, Rural). The distribution of respondents’ gender, age, region, and urbanicity in the weighted dataset corresponds to that of the total population on the 2015 Census.

81. Is a national methods report available for your study?

Yes √
No  

84
82. If there is anything you would like to comment on, please do so here.

1.5 Study Monitoring Questionnaire

TSCS

Details of Your Institute

1a. Please enter the name of your institute and your country:

Institute: Institute of Sociology,
Country: TAIWAN

1b. Please enter the name of the principal investigator and your contact person for questions about the study:

Principal Investigator: Yang-chih Fu
Contact Person: Yang-chih Fu

2a. What kind of institute fielded the module?

- An institute principally doing market research
- An institute principally doing academic research [X]
- An institute doing both market and academic research
- Other (please write in details)

2b. Which institute carried out the fielding?

- PI's institute itself
- OR Institute name: Center for Survey Research, RCHSS, Academia Sinica

Questionnaire Languages

3a. Was the questionnaire fielded ...

- only in English
- in English plus other language(s) → Question 3b
- only in translation [X] → Question 3b

3b. Please enter the language(s) the module was fielded in.

Please write in: Chinese
Translation

Note: If your translation process was different for different languages, please answer questions 4 to 10 for your most common practice and note any differences for other languages in question 11.

4. Was the questionnaire …?
   - a written translation (a questionnaire/application) ✓ → Question 5
   - an oral translation (interviewer translated on the spot) → Question 11

5. Who carried out translation? Please tick all that apply.
   - A member or members of the research team ✓
   - A translation bureau
   - One or more specially trained translators
   - Other (please write in details)

6. Was translation checked?
   - Yes, all of the questionnaire ✓ → Question 7
   - Yes, only the new questions → Question 7
   - No → Question 8

7. How was translation checked?
   - Group discussion ✓
   - Expert checked it ✓
   - Back translation
   - Other (please write in details)

Please write in:
8. Was the translation questionnaire pre-tested?

   Yes ☑
   No □

9. Were there any questions, sections, words or concepts which caused problems when translating? Please tick all that apply.

   No problems ☑ →Question 11
   Answer scales □
   Instructions □
   Whole questions □
   Words or concepts □
   Other (please write in details) □

   Please write in details of problems checked/ticked above:

   [Blank box]

10. What did you do about any problems in translation?

   Please enter details:

   [Blank box]

11. If your translation process was different for different languages, please note any differences for other languages in the box below.

   Please enter details:

   [Blank box]

12. How was the study fielded in your country?

   As an individual survey (that is, the EASS was the whole survey) □ →Question 15
   As part of a larger survey ☑ →Question 13

89
13. Please provide information about the other stud(ies) the EASS was fielded with (e.g., topic, survey name).

Please enter:
Taiwan Social Change Survey: 2016, Questionnaire I Family

14. What was the approximate position of the module in the larger questionnaire?

- Start of questionnaire
- Middle of questionnaire
- End of questionnaire

15. Were the substantive questions in the module all asked in the prescribed order?

- Yes
- Yes, apart from omissions
- No

16. Why was the question order changed?

Please enter:
Most questions were asked in the prescribed order. Only a few questions’ order was changed in order to incorporate the question items in the TSCS module.

17. Were all the core questions included in your questionnaire (by core we mean all required substantive and background questions)?

- Yes – all questions and background questions included
- No – substantive question(s) from module missing
- No – required background question(s) missing
18. Please provide details of the questions missing and indicate why they are missing.

Reason(s) why missing: did not have enough space for the above items

Sampling

19. Was your sample designed to be representative of ...

Only adult citizens of your country? ☒

Adults of any nationality residing in your country? ☐

20. Was your sample designed to be representative of ...

Only adults living in private accommodation? ☒ → Question 21

Adults living in private and in institutional accommodation (e.g., residential homes for the elderly, asylum accommodation)? ☐

If private and institutional, please enter details in box below.

Please enter in:

21. What was the lower age cut-off for your sample?

WRITE IN: 18

22. Was there any upper age cut-off for your sample?

Yes - please write in cut-off ☐

No cut-off ☒
23. Were any groups excluded or under-represented in your sample design, apart from the age cut-offs or citizenship requirements just asked about?

- No [x]
- Yes (please write in details) [ ]

If yes, write in details:

24. Did you use any variables for stratification?

- Yes [x]  → Question 25
- No [ ]  → Question 26

25. Please describe the stratification variables used?

Please write in:
The following variables are used to stratify the population frame into six levels of regions: (1) the proportion of Agriculture, Animal Husbandry, Forestry and Fishing employment as the total employment, (2) the proportion of industrial employment as the total employment, (3) the proportion of supervisors or professionals employment as the total employment, (4) the proportion of population between age 15 and 64, (5) the proportion of population age 65 or older, (6) the proportion of population with bachelor’s degree or higher levels of education, (7) population density, (8) population growth for the past 5 years.

26. How many of stages did your sampling design have?

- One stage [ ]
- Two stages [ ]
- Three stages [x]
- Four stages [ ]

27. Did your sampling frame consist of…?

- Addresses [ ]
- Households [ ]
- Named individuals (the target persons) [x]
- Named individuals (not the target persons) [ ]
- Areas [ ]
- Something else (please write in details) [ ]
28. Please describe your sampling frame (e.g., population register, electoral roll, telephone directory and its coverage and updating).

*Please write in:*
Population register

29a. Please describe your sampling method and your sampled units for the first stage?

*Please write in:*
The number of target respondents is decided for each of the six strata of regions proportionate to the size of their populations.

29b. Please describe your sampling method and your sampled units for the second stage?  
(Only if you have two or more stages, otherwise continue with question 30.)

*Please write in:*
The number of townships is decided for each level of regions and is randomly selected from each level. Villages or “li”s (administrative unit under township) then are randomly selected from each chosen townships

29c. Please describe your sampling method and your sampled units for the third stage?  
(Only if you have three or more stages, otherwise continue with question 30.)

*Please write in:*
The number of respondents is decided for each village or li. Individuals ages 18 or over are randomly selected from household registers in each village or li (administrative unit under township).

29d. Please describe your sampling method and your sampled units for the fourth stage?  
(Only if you have four stages, otherwise continue with question 30.)

*Please write in:*

30. What selection method was used to identify a respondent?
(Do not answer if your sampling frame consists of named individuals – which are the target persons. Continue with question 32.)

- Kish grid
- Last (or next) birthday
- Quota
- Other (please write in details)

31. Please describe your quota procedures.
(Only if you used quota, otherwise continue with question 32)

Please write in:

32. Was substitution or replacement permitted at any stage of your selection process or during fieldwork?

- Yes →Question 33
- No × →Question 34

33. Please provide details of the substitution or replacement procedures used.

Please write in:

34. All in all, what are the known limitations (biases) of your net sample?
For example: is there differential coverage of particular groups, either because of sample design or response differences?

Please write in:

A non-response bias comes from the use of household registration data in which some household members in fact do not live in the household.
Data Collection

35. What data collection methods were used for the module (substantive and background questions)?

- Face-to-face [X]
- Self-completion (with some interviewer involvement in delivering or collecting)
- 'Mixed mode': part self-completion, part face-to-face (please write in details)
- Other (please write in details)

If 'mixed mode' or other, please write in:

36. Please write in the approximate start and end dates of fieldwork.  D D MM YY

Start date: 07 08 16
End date: 11 11 16

37. Were postal or telephone components used at any point (e.g., advance contacts)?

- Yes - postal [X] → Question 38
- Yes - telephone [X] → Question 38
- No → Question 39

38. Please give details of the postal and/or telephone components.

Please enter details:
We sent postal cards to all sampled individuals for advanced contacts. About 30% of all respondents were contacted by phone for clarifying certain items in the questionnaires by research assistants of the project.

39. Were incentives offered?

- Yes, to respondent [X]
- Yes, to interviewer
- No, neither to respondent nor to interviewer
Interviewer Procedures

40. Were interviewers paid according to realized cases? 
   Yes x 
   No   

41. Which, if any, of these rules governed how an interviewer approached an address/household? 
   Tick all that apply 
   Calls/visits must be made at different times of day x 
   Calls/visits must be made on different days of week x 
   Neither of the above   

42. Were interviewers required to make a certain number of calls/visits before they stopped approaching an address/household? 
   Minimum number of calls/visits required - please write in number 0 3 
   No minimum call requirement   

43. Were any interviews supervised (that is, supervisor accompanies interviewer)? 
   Yes - please write in approximate proportion 6 0 % (=0.60%) 
   No   

44. Were any interviews back-checked (e.g. supervisor checks later whether interview conducted)? 
   Yes - please write in approximate proportion 3 0 % 
   No   

96
Response and Outcome Information

45. Please fill in the following details about your issued sample.

Some categories may not apply, but please complete to the highest level of detail possible.

Coding and Verifying

46. Were any measures of coding reliability employed?  
   Yes [X]  
   No [ ]

47. Was keying of the data verified?  
   Yes - please write in approximate level of verification [4] %  
   No [ ]

48. Were any reliability checks made on derived variables (that is variables constructed on the basis of other variables collected)?  
   Yes [X]  
   No [ ]
   No derived variables [ ]

49. Were data checked/edited to ensure that filter instructions were followed correctly?  
   Yes [X]  
   No [ ]

50. Were data checked/edited for logic or consistency?  
   Yes [X]  
   No [ ]

51. Were data checked/edited to ensure they fell within permitted ranges?  
   Yes [X]  
   No [ ]
If you answered YES for any question from Q46 to Q51, continue with Question 52. If you answered NO for all questions Q46 to Q51, continue with Question 53.

52. Were errors corrected?  

Tick all that apply

- Yes - individually [x]
- Yes - automatically [ ]
- No - not corrected [ ]

53. Were the data weighted or post-stratified?

- Yes [x] → Question 54
- No [ ] → Question 55

54. Please briefly describe the weighting or post-stratification strategy used.

*Please write in:*
Data were weighted using an iterative, proportional raking scheme. Each observation was weighted by gender, age, urbanization, and education level. Weights were then generated to match the population characteristics of Taiwan.

55. Is a national methods report available for your study?

- Yes [x]
- No [ ]

56. If there is anything you would like to comment on, please do so here.

*Please write in:*

THANK YOU VERY MUCH
I.5 Study Monitoring Questionnaire

CGSS

1a. Please enter the name of your institute and your country:

Institute: National Survey Research Center, Renmin University of China
Country: China

1b. Please enter the name of the principal investigator and your contact person for questions about the study:

Principal Investigator: Li Lulu
Contact Person: Wang Weidong

2a. What kind of institute fielded the module?

- An institute principally doing market research
- An institute principally doing academic research  
  X
- An institute doing both market and academic research
- Other (please write in details)

2b. Which institute carried out the fielding?

PI's institute itself  

X OR Institute name:

3a. Was the questionnaire fielded ...

- only in English  
- in English plus other language(s)  
- only in translation  

3b. Please enter the language(s) the module was fielded in.

Please write in: Chinese
4. Was the questionnaire for language 1 …? (If you used more than five languages, please report on the five used by the most respondents.)

   a written translation (a questionnaire/application) ☒ → Question 5
   an oral translation (interviewer translated on the spot) ☐ → Question 11

5. Who carried out translation 1? Please tick all that apply.

   A member or members of the research team ☒
   A translation bureau ☐
   One or more specially trained translators ☒
   Other (please write in details) ☐

6. Was translation 1 checked?

   Yes ☒ → Question 7
   No ☐ → Question 8

7. How was translation 1 checked?

   Group discussion ☒
   Expert checked it ☐
   Back translation ☐
   Other (please write in details) ☐

   Please write in:

8. Was the translation 1 questionnaire pre-tested?

   Yes ☒
   No ☐
9. Were there any questions, sections, words or concepts which caused problems when translating into language 1? Please tick all that apply.

- No problems
- Answer scales
- Instructions
- Whole questions
- Words or concepts
- Other (please write in details)

Please write in details of problems checked/ticked above:
Some questions are difficult to understand for some respondents

10. What did you do about any problems in translation 1?

Please enter details:

11. Was the questionnaire for language 2 …? (answer only if you have two or more translations/languages, otherwise continue with question 39)

- A written translation (a questionnaire/application)
- An oral translation (interviewer translated on the spot)

12. Who carried out translation 2? Please tick all that apply.

- A member or members of the research team
- A translation bureau
- One or more specially trained translators
- Other (please write in details)

13. Was translation 2 checked?

- Yes
- No
14. How was translation 2 checked?

- Group discussion
- Expert checked it
- Back translation
- Other (please write in details)

Please write in:

15. Was the translation 2 questionnaire pre-tested?

- Yes
- No

16. Were there any questions, sections, words or concepts which caused problems when translating into language 2? Please tick all that apply.

- No problems
- Answer scales
- Instructions
- Whole questions
- Words or concepts
- Other (please write in details)

Please write in details of problems checked/ticked above:

17. What did you do about any problems in translation 2?

Please enter details:
18. Was the questionnaire for language 3 …?(answer only if you have three or more translations/languages, otherwise continue with question 39)

- a written translation (a questionnaire/application) □ → Question 19
- an oral translation (interviewer translated on the spot) □ → Question 25

19. Who carried out translation 3? Please tick all that apply.

- A member or members of the research team □
- A translation bureau □
- One or more specially trained translators □
- Other (please write in details) □

20. Was translation 3 checked?

- Yes □ → Question 21
- No □ → Question 22

21. How was translation 3 checked?

- Group discussion □
- Expert checked it □
- Back translation □
- Other (please write in details) □

Please write in:

- 

22. Was the translation 3 questionnaire pre-tested?

- Yes □
- No □
23. Were there any questions, sections, words or concepts which caused problems when translating into language 3? Please tick all that apply.

No problems  □ → Question 25
Answer scales  □
Instructions  □
Whole questions  □
Words or concepts  □
Other (please write in details)  □

Please write in details of problems checked/ticked above:

24. What did you do about any problems in translation 3?

Please enter details:

25. Was the questionnaire for language 4 …?(answer only if you have four or more translations/languages, otherwise continue with question 39)

a written translation (a questionnaire/application)  □ → Question 26
an oral translation (interviewer translated on the spot)  □ → Question 32

26. Who carried out translation 4? Please tick all that apply.

A member or members of the research team  □
A translation bureau  □
One or more specially trained translators  □
Other (please write in details)  □

27. Was translation 4 checked?

Yes  □ → Question 28
No  □ → Question 29
28. How was translation 4 checked?

- Group discussion
- Expert checked it
- Back translation
- Other (please write in details)

Please write in:

29. Was the translation 4 questionnaire pre-tested?

- Yes
- No

30. Were there any questions, sections, words or concepts which caused problems when translating into language 4? Please tick all that apply.

- No problems
- Answer scales
- Instructions
- Whole questions
- Words or concepts
- Other (please write in details)

Please write in details of problems checked/ticked above:

31. What did you do about any problems in translation 4?

Please enter details:

32. Was the questionnaire for language 5 …?(answer only if you have five or more translations/languages, otherwise continue with question 39)

   a written translation (a questionnaire/application) □ → Question 33
   an oral translation (interviewer translated on the spot) □ → Question 39

33. Who carried out translation 5? Please tick all that apply.

   A member or members of the research team □
   A translation bureau □
   One or more specially trained translators □
   Other (please write in details) □

34. Was translation 5 checked?

   Yes □ → Question 35
   No □ → Question 36

35. How was translation 5 checked?

   Group discussion □
   Expert checked it □
   Back translation □
   Other (please write in details) □

   Please write in:

36. Was the translation 5 questionnaire pre-tested?

   Yes □
   No □
37. Were there any questions, sections, words or concepts which caused problems when translating into language 5? Please tick all that apply.

<td>→ Question 47</td>
</tr>
</tbody>
</table>

47. Why was the question order changed?

48. Were all the core questions included in your questionnaire (by core we mean all required substantive and background questions)?

| Yes – all substantive questions and background questions included | → Question 50 |
| No – substantive question(s) missing | → Question 49 |
| No – required background question(s) missing | → Question 49 |

49. Please provide details of the questions missing and indicate why they are missing.

50. First, was your sample designed to be representative of ...

| Only adult citizens of your country? | x |
| Adults of any nationality residing in your country? |   |
51. Second, was your sample designed to be representative of ...

- Only adults living in private accommodation? [x] → Question 52
- Adults living in private and in institutional accommodation (e.g., residential homes for the elderly, asylum accommodation)?

If private and institutional, please enter details in box below.

**Please enter in:**

52. Third, what was the lower age cut-off for your sample?

**WRITE IN:**

53. Was there any upper age cut-off for your sample?

- Yes - please write in cut-off
- No cut-off [x]

54. Were any groups excluded or under-represented in your sample design, apart from the age cut-offs or citizenship requirements just asked about?

- No [x]
- Yes (please write in details)

**If yes, write in details:**

55. Did you use any variables for stratification?

- Yes [x] → Question 56
- No → Question 57

56. Please describe the stratification variables used?

**Please write in:**

Education, GDP Per capita, Urbanization
57. How many of stages does your sampling design have?

- One stage
- Two stages
- Three stages
- Four stages

58. Does your sampling frame consist of…?

- Addresses
- Households
- Named individuals (the target persons)
- Named individuals (not the target persons)
- Areas
- Something else (please write in details)

59. Please describe your sampling frame (e.g., population register, electoral roll, telephone directory and its coverage and updating).

Please write in:
Sampling frame is the household list based on mapping method

60. Please describe your sampling method and your sampled units for the first stage?

Please write in:
Select county-level unit based on census population by PPS method

61. Please describe your sampling method and your sampled units for the second stage?
(only if you have two or more stages, otherwise continue with question 64)

Please write in:
Sample 4 communities in the selected PSU by PPS method
62. Please describe your sampling method and your sampled units for the third stage?
(only if you have three or more stages, otherwise continue with question 64)

Please write in:
Sample households in the selected SSU mapping household lists

63. Please describe your sampling method and your sampled units for the fourth stage?
(only if you have four stages, otherwise continue with question 64)

Please write in:
Sample one adult in the sampled household

64. What selection method was used to identify a respondent?
Please tick all that apply. (do not answer if your sampling frame consists of named individuals
- which are the target persons. Then continue with question 66)

- Kish grid [x]
- Last (or next) birthday [ ]
- Quota [ ]
- Other (please write in details) [ ]

65. Please describe your quota procedures. (only if you used quota, otherwise continue with question 66)

Please write in:

66. Was substitution or replacement permitted at any stage of your selection process or during fieldwork?

Yes [ ] → Question 67

No [x] → Question 68
67. Please provide details of the substitution or replacement procedures used.

Please write in:

68. All in all, what are the known limitations (biases) of your net sample?
For example: is there differential coverage of particular groups, either because of sample design or response differences?

Please write in:
Some nonresponse biases exist in the final sample. The sample has fewer rates of males, youths, and employed compared with the population.

69. Please fill in the following details about your issued sample.
Some categories may well not apply, but please complete to the highest level of detail possible.

Total number of starting or issued names/addresses (gross sample size) 6 0 0 0
- addresses which could not be traced at all 0 0 0 0
  selected respondents who could not be traced 0 0 0 0
- addresses established as empty, demolished or containing no private dwellings 0 0 0 0
- selected respondent too sick/incapacitated to participate 1 2 0
- selected respondent away during survey period 1 1 7
- selected respondent had inadequate understanding of language of survey 0 0 1 9
  - no contact at selected address 3 9 9
  - no contact with selected person 2 0 3
  - personal refusal at selected address 1 1 8 9
- proxy refusal (on behalf of selected respondent) 0 0 2 2
- other refusal at selected address 0 0 0 0
- other type of unproductive reaction (please write in full details in the box below) 0 0 0 0
- full productive interview (net sample size) 4 1 3 1
- partial productive interview 0 0 0 0

More information or Other type of unproductive reaction

Please write in:
70. Here we ask for information about interviewer procedures.
   a. Were interviewers paid according to realized cases?
      Yes ☒
      No ☐

   b. Which, if any, of these rules governed how an interviewer approached an address/household?
      Please tick those that apply
      Calls/visits must be made at different times of day ☒
      Calls/visits must be made on different days of week ☒
      Neither of the above ☐

   c. Were interviewers required to make a certain number of calls/visits before they stopped approaching an address or household?
      Minimum number of calls/visits required - please write in number ☒ 6
      No minimum call requirement ☐

   d. Were any interviews supervised (that is, supervisor accompanies interviewer)?
      Yes - please write in approximate proportion ☒ 2 5 %
      No ☐

   e. Were any interviews back-checked (e.g. supervisor checks later whether interview conducted)?
      Yes - please write in approximate proportion ☒ 1 0 0 %
      No ☐

71. Please write in the approximate start and end dates of fieldwork.
    Start date D D M M Y Y
    End date D D M M Y Y
    0 1 0 6 1 7
    3 1 1 2 1 7

72. Were any measures of coding reliability employed?
    Yes ☒
    No ☐

73. Was keying of the data verified?
    Yes - please write in approximate level of verification 1 0 0 %
    No ☐
74. Were any reliability checks made on derived variables (that is variables constructed on the basis of other variables collected)?
   Yes [x]
   No [ ]
   No derived variables [ ]

75. Were data checked/edited to ensure that filter instructions were followed correctly?
   Yes [x]
   No [ ]

76. Were data checked/edited for logic or consistency?
   Yes [x]
   No [ ]

77. Were data checked/edited to ensure they fell within permitted ranges?
   Yes [x]
   No [ ]

If you answered YES for any question from Q72 to Q77, continue with Question 78.
If you answered NO for all questions Q72 to Q77, continue with Question 79.

78. Were errors corrected?
   Please tick all that apply.
   Yes - individually [x]
   Yes - automatically [x]
   No - not corrected [ ]

79. Were the data weighted or post-stratified?
   Yes [x] → Question 80
   No [ ] → Question 81

80. Please briefly describe the weighting or post-stratification strategy used.
   Please write in:
   Our weight variable is post stratified based on 2015 national population 1% survey
81. Is a national methods report available for your study?

Yes  x
No

82. If there is anything you would like to comment on, please do so here.

Please write in:

THAHK YOU VERY MUCH
